Requests for Assistance

3. Requests for assistance include, among other things, requests to confirm or verify information; requests to obtain information about a specified person or entity; requests for discussion of issues of mutual interest between the Authorities; requests to question or take testimony of persons designated by the Requesting Authority; and requests to

conduct inspections or examinations of Regulated/Related Entities or Persons. Requests for assistance that include requests for Confidential Information shall follow the procedure set forth in this MoU. If a request for assistance is made under this agreement, each Authority shall use reasonable efforts to assist the other, subject to its laws and overall policy.

4. This MoU does not create any legally binding obligations, confer any rights, modify, or supersede any domestic laws or regulatory requirements in force in, or applying to, the State of New York or France. This MoU does not confer upon any person the right or ability, directly or indirectly, to obtain, suppress or exclude any information or to challenge the execution of a request for assistance under this MoU. This MoU is not intended to affect any arrangements under any other MoUs in existence to which either of the Authorities is a party.

5. The Authorities acknowledge that they may only provide information under this MoU if permitted or not prevented under applicable laws, regulations and requirements.

6. The Authorities shall consider and promptly respond to all requests for assistance regarding: (1) the safety, soundness, or financial condition of a Regulated Entity or Person, or (2) the insurance activities of a Regulated Entity or Person. Where Confidential Information is involved, the decision to share this information is at the sole discretion of the Responding Authority; however, the Responding Authority shall use reasonable efforts to obtain and share such information.

Procedures for Making/Responding to Requests for Assistance

7. To the extent possible, all requests for assistance shall be in writing and, if made orally, the provisions of Paragraph 13 below must be followed. Requests for assistance must be directed to the appropriate appointed contact person(s) identified in Exhibit A hereto, and should include the following:

- (a) A description of the information, confirmation or verification sought by the Requesting Authority, identifying relevant persons and specific questions to be asked;
- (b) A general description of the matter that is the subject of the request and the purpose for which the information is sought;
- (c) The desired time period for reply, and where appropriate, an explanation of the urgency thereof;
- (d) A description of other persons or entities, if any, to whom further disclosure of information provided to the Requesting Authority would be necessary, and the purpose such disclosure would serve.

8. Each Responding Authority shall use reasonable efforts to assess, on a case-by-case basis, whether any Confidential Information that has been requested can be provided under the terms of this MoU. Where the request cannot be fulfilled in whole or in part,

the Responding Authority shall consider whether it, or any other regulatory authority in its jurisdiction, has the ability to render assistance to the Requesting Authority and, to the extent possible, shall use reasonable efforts to facilitate such assistance.

9. In deciding whether and to what extent to fulfill a request, the Responding Authority may take into account:

- (a) Whether the request for assistance conforms with this MoU;
- (b) Whether the request for assistance involves the administration of a law, regulation or requirement that has no close parallel in the jurisdiction of the Responding Authority;
- (c) Whether compliance with the request for assistance would be so burdensome as to disrupt the proper performance of the Responding Authority's regulatory functions;
- (d) Whether it would be detrimental or otherwise contrary to the public interest or the essential national interest of the Responding Authority's jurisdiction to provide the information requested;
- (e) Any other matters specified by the laws, regulations and requirements of the Responding Authority's jurisdiction (in particular those relating to confidentiality, professional secrecy, data protection, privacy and procedural fairness); and
- (f) Whether complying with the request may otherwise be prejudicial to the performance by the Responding Authority of its functions.

Confidentiality

10. The Authorities may voluntarily and in their sole discretion provide information, including Confidential Information, without having received a request for assistance.

11. In responding to any request for assistance, the Responding Authority shall identify any information that is provided pursuant to this MoU that constitutes Confidential Information.

12. The Authorities agree to request Confidential Information only if it is relevant to their lawful supervision or examination of a Regulated Entity or Person, and shall use the Confidential Information they receive under this MoU only for those purposes.

13. To the extent possible, all requests for Confidential Information shall be made in writing and addressed to the appropriate appointed contact person(s) identified in Exhibit A. Where, due to an Emergency Situation or exceptional circumstances, an oral request is necessary, such request shall thereafter be confirmed by the Requesting Authority in writing within ten (10) business days. Requests for Confidential Information made at in-person meetings between the Authorities do not require a subsequent written

confirmation if such oral requests will be noted in the minutes of the meetings between the Authorities.

14. In assessing a request for assistance or information, the Responding Authority may rely on the confirmation of equivalent confidentiality protections or other certification or confirmation by the Requesting Authority of its ability and authority to maintain the protected nature of Confidential Information. The Responding Authority may also rely on other relevant issues, such as its own knowledge of the Requesting Authority's practices and procedures.

15. The NYSID states that pursuant to New York Insurance Law § 110, it has the legal authority necessary to enter into this MoU and to protect from disclosure, and otherwise preserve, the confidential or privileged nature of any Confidential Information that it requests and receives pursuant to this MoU. A copy of the law establishing such authority is attached hereto as Exhibit B.

16. The ACAM states that pursuant to articles L. 310-21 of the French insurance code, L. 510-13 of the French mutuality code and L. 951-13 of the French social security code, it has the legal authority necessary to enter into this MoU and to protect from disclosure, and otherwise preserve, the confidential or privileged nature of any Confidential Information that it requests and receives pursuant to this MoU. A copy of the law establishing such authority is attached hereto as Exhibit B.

17. All Responding Authority Confidential Information belongs to, and shall remain the property of, the Responding Authority. The Requesting Authority shall, in accordance with applicable laws, regulations and pursuant to the terms of this MoU, take all actions reasonably necessary to preserve, protect, and maintain the confidentiality of such Confidential Information and any privileges associated therewith.

18. The Requesting Authority shall restrict access to Responding Authority Confidential Information to those employees and agents of the Requesting Authority who are subject to the Requesting Authority's confidentiality obligations, are under its direct supervision and control, and who have a need for such information that is consistent with, and directly related to, the purposes for which the information was requested.

19. The Requesting Authority may provide Confidential Information received under this MoU to other state, federal or international regulatory or law enforcement officials who have authority over the Regulated Entity that is the subject of the Confidential Information, provided that the Requesting Authority: discloses to the Responding Authority the identity of each recipient with whom the Confidential Information will be shared; and confirms that each recipient agrees to, and has the legal authority to, maintain the confidential status of the information provided. In all other cases, the Requesting Authority will seek consent from the Responding Authority before disclosing any Confidential Information that it receives pursuant to this MoU.

20. Where there is a subpoena or other legally enforceable demand for information supplied under this MoU, the Requesting Authority shall notify the Responding

71

Authority. The Requesting Authority shall use all reasonable legal means to resist such a demand, including asserting such appropriate legal exemptions or privileges with respect to that information as may be available, and shall afford the Responding Authority the opportunity to take whatever action it deems appropriate to preserve, protect and maintain the confidential nature of the information provided, including consenting to any application by the Responding Authority to intervene in any action to preserve the confidentiality of the Responding Authority Confidential Information.

21. Each Authority will attach a copy of the confidentiality provisions applicable in its country to this MoU as Exhibit B. The Authorities will inform each other in due course if the confidentiality regime is significantly affected by a change of law or a court decision.

On-Site Inspections

22. The NYSID and the ACAM recognize that cooperation is particularly useful in assisting each other in carrying out On-Site Inspections of Regulated or Related Entities and Persons in both jurisdictions. To that end, the Authorities agree to comply with the following procedures prior to conducting On-Site Inspections:

(a) The Inspecting Authority shall notify the Host Authority of: the Inspecting Authority's intent to conduct an On-Site Inspection, by itself or by an authorized third party; the time frame for the inspection; and the scope of such inspection. Where practicable, the Inspecting Authority shall notify the Host Authority of the inspection at least one week prior to informing the Regulated or Related Entity or Person that it will be the subject of the On-Site Inspection.

(b) The Host Authority may, in its discretion, accompany the Inspecting Authority to, and assist the Inspecting Authority with, any On-Site Inspections.

Costs

23. Where the cost of fulfilling a request is deemed substantial, the Responding Authority may, on a case-by-case basis, require the Requesting Authority to bear some or all of such costs.

Consultation Between the Authorities

24. The Authorities shall keep the operation of this MoU under review and shall consult with each other as necessary with a view to improving its operation and resolving any concerns that have arisen out of its operation.

25. Where a specific conduct outlined in a request for assistance constitutes a breach of a law, regulation or requirement in the jurisdiction of both Authorities, the Authorities shall consult with each other to determine the most appropriate means for each Authority to provide the assistance requested.

Commencement and Termination of the MoU

26. This MoU shall take effect when both Authorities have signed it and shall continue to have effect until terminated by either Authority upon thirty (30) days written notice. Termination shall not in any way affect the rights or obligations of either Authority with respect to Confidential Information previously provided under this MoU or any privileges associated with such information.

27. This MoU supersedes and replaces all other existing agreements or representations, either oral or written, between the parties to this MoU regarding the sharing of information. No waiver, alteration or modification of the provisions of this MoU shall be binding unless subsequently made in writing and signed by duly authorized representatives of the Authorities.

New York Insurance Confidentiality Statute:

A

Insurance Law § 110. Cooperation with Other Regulatory Agencies

(a) In order to assist in the performance of the superintendent's duties under this chapter, the superintendent:

(1) may share documents, materials or other information, including the confidential and privileged documents, materials or information with other state, federal, and international regulatory agencies, with the National Association of Insurance Commissioners, its affiliates or subsidiaries, and with state, federal, and international law enforcement authorities, provided that the recipient has the authority and agrees to maintain the confidentiality and privileged status of the document, material or other information; provided, however, that this paragraph shall not be construed as limiting access to records pursuant to article six of the public officers law;

(2) may receive documents, materials or information, including otherwise confidential and privileged documents, materials or information, from the National Association of Insurance Commissioners, its affiliates or subsidiaries and from regulatory and law enforcement officials of other foreign or domestic jurisdictions, and shall maintain as confidential or privileged any document, material or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material or information;

(3) may enter into agreements governing sharing and use of documents, materials or information consistent with this subsection.

(b) No waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information shall occur as a result of disclosure to the superintendent under this section or as a result of sharing as authorized in this section.

France's Confidentiality Provisions:

Articles L. 310-21 of the insurance code, L. 510-13 of the mutuality code and L. 951-13 of the social security code

The members as well as the officials of the insurance supervisory committee shall be bound by the professional secrecy under the sanctions set out by article 226-13 of the Penal code. Said secrecy shall not be binding on the judicial authority acting in the scope of criminal proceedings.

The insurance supervisory committee may send information to the authorities responsible for supervising insurance firms in other countries, subject to reciprocity, and on condition that said authorities are themselves bound by professional secrecy with the same safeguards as in France.

The committee for insurance companies, mutual insurance companies and provident institutions may transmit to the Central banks of Member States or other States

party to the European Economic Space Agreement, to the European System of Central banks, the European Central Bank and other organizations acting under their monetary competences, and, where appropriate, to other public authorities responsible for monitoring payment systems, information for carrying out their duties. The information received within this framework shall be protected by the professional secrecy.

As exception to the provisions of Act n°68-678 of 26 July 1968 relating to the disclosure of documents and economic, commercial, industrial, financial or technical information to foreign natural persons or legal entities, the insurance supervisory committee may also enter into bilateral agreements with the insurance regulatory authorities of countries that are not parties to the European Economic Space Agreement, on condition that said authorities are themselves bound by professional secrecy, for the purpose, in addition to the exchange of information provided for in the previous paragraph, of extending the Commission's audits performed on the spot to the branches or subsidiaries of insurance firms subject to its inspection which are located within the territorial jurisdiction of the contracting authority and, vice versa, to enable said authority to participate in audits performed on the spot on French branches or subsidiaries of insurance firms subject to its inspection. At the request of said authority, the insurance supervisory committee shall perform audits on the spot on French branches or subsidiaries of insurance firms subject to the inspection of said foreign authority or, where applicable, jointly with it. Only the insurance supervisory committee may impose sanctions on the branch or subsidiary audited in France. The insurance supervisory committee may refuse the foreign authority's request for assistance when the implementation of the request is liable to violate the sovereignty, security, essential economic interests or French public policy or when any criminal proceedings have already been instituted in France on the basis of the same acts and against the same persons or when the latter has already been punished by a final decision for the same acts. When the authorities of a State member of the European Economic Community or another State party to the European Economic Space Agreement wishes to check information relevant to supervise a company located in France and which is a firm affiliated to an insurance firm subject to their additional supervision, the insurance supervisory committee must satisfy to their request either by carrying out said checking itself or by allowing the representatives of said authorities to do so. Where it does not carry out the checking itself, the authority that has brought the request may be invited to participate if it wishes so.
