#### ACCIDENT AND HEALTH POLICY EXPERIENCE EXHIBIT INSTRUCTIONS

#### This exhibit is required to be filed no later than April 1

# This form has been restructured to be more consistent with the insurance categories and columns in the NAIC version of the Accident and Health Policy Experience Exhibit. Please refer to the Instructions for that exhibit also when completing this exhibit.

- 1. The name of the company must be clearly shown at the top of each page or pages.
- 2. Dollar amounts should be reported in whole dollars.

3. The Exhibit will show information concerning direct business on policy forms approved for use in the United States with a final total for all policy forms (including non-U.S. policy forms) on the bottom line of the Exhibit. If a group or individual form was ever issued in New York, its experience <u>must</u> be reported separately by policy form number, unless prior approval has been obtained from the Superintendent to combine experience. Insert as many lines under each classification as are needed. The form numbers should appear in alphanumeric form number order within each category. The experience for combinations of policy forms of the same category type with a premium volume less than 5% of the total for that category <u>that were never issued in New York</u> may be merged and reported on a single line. Such combinations should be identified as "Non-New York." Other policy forms never issued in New York whose experience is reported by policy form should be identified as a Non-New York form, by placing the designation (Z) to the left of the policy form number.

4. The Exhibit will show information for each listed product for Individual, Group, and Other business categories. Subtotals by product within each individual category are required for all columns, except Years Issued, Expected Lifetime Loss Ratio, and Rate of Commission And Expense. All Section Totals should agree with Section Totals in the NAIC version of the Accident and Health Experience Exhibit.

5. This Exhibit should not include any data pertaining to double indemnity, waiver of premiums, and other disability benefits embodied in life contracts.

6. Direct Premiums Earned (Column 5) should not include the change in contract reserves, but both Direct Premiums Written (Column 3) and Premiums Earned should include membership charges, modal loadings, and policy fees, if any.

- 7. "Years issued" should be presented as the first year the form was issued followed by a hyphen followed by the last year issued; e.g., 1998-2000.
- 8. The entries in Columns (17), (18), (23) and (25) should be expressed as **ratios**, not percents, and should be rounded to three places to the right of the decimal point.

#### **DEFINITIONS**

#### Accident Only or AD&D

Policies that provide coverage, singly or in combination, for death, dismemberment, disability, or hospital and medical care caused by or necessitated as a result of accident or specified kinds of accidents. Types of coverage include student accident, sports accident, travel accident, blanket accident, specific accident or accidental death and dismemberment (AD&D).

# Administrative Services Only (ASO) and Administrative Services Contract (ASC)

An uninsured accident and health plan is where an administrator performs administrative services for a third party that is at risk, but has not issued an insurance policy. The health plan bears all of the insurance risk, and there is no possibility of loss or liability to the administrator caused by claims incurred related to the plan. Under an ASO plan, claims are paid from a bank account owned and funded directly by the uninsured plan sponsor; or, claims are paid from a bank account owned by the administrator, but only after receiving funds from the plan sponsor that are adequate to fully cover the claim payments. Under an ASC plan, the administrator pays claims from its own bank accounts, and only subsequently receives reimbursement from the plan sponsor.

# **Comprehensive/Major Medical**

Policies that provide fully insured indemnity, HMO, PPO, or Fee for Service coverage for hospital, medical, and surgical expenses. This category excludes Short Term Medical Insurance, the Federal Employees Health Benefit Program and non-comprehensive coverage such as basic hospital only, medical only, hospital confinement indemnity, surgical, outpatient indemnity, specified disease, intensive care, and organ and tissue transplant coverage as well as any other coverage described in the other categories of this exhibit.

This category does not exclude policies providing coverage to employees of small employers, as defined in the employer's state of situs.

<u>Other Associations and Discretionary Trusts</u>: Group policies issued to associations and trusts that are not included in the Small Employer, Other Employer or Multiple Employer Associations and Trusts group categories. This category does not exclude insurance providing coverage to employees of small employers, as defined in the employer's state of situs. #### EXHIBIT OF PARTICIPANTS IN ACCIDENT AND HEALTH CONTRACTS INSURED OR ADMINISTERED BY THE COMPANY (DIRECT BUSINESS IN THE STATE OF NEW YORK)

### **INSTRUCTIONS**

#### This exhibit is required to be filed no later than March 1.

- 1. If there is no data to report in a cell, insert a zero (-0-). To avoid double counting of persons covered in part by another insurer, another policy issued by you, or who are self-insured in part, only report counts for policies which represent an insured's principal coverage (i.e., comprehensive policies). Do not include counts for persons who would be counted in another insurer's statement as principal insurer, or who are counted in your self-insured counts (i.e., do not include supplemental, wrap around type policies). However, premiums and counts for "Minimum Premium Plan" arrangements should be included in the <u>Insured Business</u> section, and Medicare Supplement policies should be included as insured counts, as well.
- 2. This exhibit should not include any data pertaining to double indemnity, waiver of premiums and other disability benefits embodied in life contracts.
- 3. Small Group Health Insurance and Individual Health Insurance are defined in New York Insurance Law Sections 3231(a) and 3216(a).
- 4. Include in the section captioned, "Large Group", all policies other than those defined as Individual or Small Group or which are reported in another line of this exhibit (e.g., "Group Credit" policies are already reported in line 5 of this Exhibit and, therefore, should not be included in the lines captioned "Large Group").
- 5. Credit A & H shall not include business exceeding 120 months duration.
- 6. Columns 1 and 2, lines 3, 4, 5 and 7 should agree, respectively, with columns 1 and 2, lines 24, 24.1, 24.2 and 26 of the Accident and Health Insurance Section of the Annual Statement page entitled "Direct Business in the State of New York", and line 6.4 of columns 1 and 2 should equal the sum of lines 24.3, 24.4 and 25.6 of said Annual Statement exhibit.
- 7. The schedule of **Self-Insured Business** should only include contracts that are <u>substantially</u> self-insured. For example, in arrangements where an employer or association funds substantially all of its claims, with the insurer participating in the arrangement retaining only a nominal premium or retention for administrative services (e.g., Administrative Services Only (ASO) arrangements), the administering insurer should include the appropriate contracts/lives counts in its schedule of self-insured business reported in this exhibit. However, where an employer, association, or other entity is insured by a licensed carrier for a substantial portion of its coverage, such as where it purchases a hospital policy from a licensed insurer while self-insuring its surgical/medical coverage, the company administering the self-insured portion should <u>not</u> include these policies in its counts of self-insured business. These policies should be included in the insured counts of the insurer providing the hospital coverage, whether it is the same insurer that is administering the self-insured portion or another insurer.

(a) As defined in Section 1113(a) of the New York State Insurance Law.

(b) Direct Premium Written in Part One, column 3, line 6 should equal NAIC page 8, Underwriting and Investment Exhibit, Part 1, column 1, line 12.

(c) The term "non-managed care contracts" refers to health insurance contracts other than managed care contracts as defined in Section 4801(c) of the NYS Insurance Law.

**Note:** Insurers offering a contract that meets the definition of a managed care health insurance contract in Section 4801(c) of the New York Insurance Law or that offers a non-managed care contract that provides comprehensive coverage through a provider network as described in Section 2317-d should report in Part Two, line 2, the number of initial grievances filed in the current reporting year. Insurers should not report grievance information in Part Two if they do not have a product meeting the description above. Circular Letter No. 5, dated February 19, 1999, states in part, "Those insurers that have voluntarily implemented a grievance procedure not subject to the provisions of Chapter 705 of the Laws of 1996 are encouraged to report grievance information; be certain, however, to note that such information comes from a voluntary program." Filers of voluntary program data should file a separate report to the Department and not commingle voluntary program data with statutorily required data used to complete this Supplement.

(a) As defined in Section 4801(c) of the New York Insurance Law

(b) Sections 4802, 4903 and 4904 of the New York Insurance Law were effective April 1, 1997 and apply to all contracts issued, renewed, modified, altered, or amended on or after that date.

(c) Section 3217-d of the New York Insurance Law was effective January 1, 2011, and applies to a corporation that issues a comprehensive contract that utilizes a network of providers and is not a managed care health insurance contract as defined in Section 4801(c).

(d) Section 4910 of the New York Insurance Law was effective July, 1, 1999.

**Note:** Section 4802 of the New York Insurance Law provides for two levels of internal review of grievances, an initial (first level) grievance review and an appeal of that initial determination. A first level grievance should be considered closed, for purposes of Part Two, if the subscriber does not appeal the grievance determination within the calendar year in which the first level grievance determination was rendered. If the subscriber appeals the first level grievance determination in the subsequent calendar year, in a timely manner, the disposition of that appeal should be reported in Part Three. For example, a first level grievance closed in 2020 and appealed in a timely manner in 2021 would be reported in this Supplement in Part Three. If a subscriber files a grievance appeal within the same calendar year as the initial first level grievance determination is made, and the appeal is pending when the calendar year ends, the grievance should be reported as pending in Part Two.

Article 49 of the New York Insurance Law provides for expedited and non-expedited utilization review appeals. A non-expedited utilization review appeal should be considered closed when the utilization review agent notifies a subscriber of the appeal determination. An expedited utilization review appeal should be considered closed, for purposes of Part Two, when the utilization review agent notifies the subscriber of the expedited appeal determination and the subscriber does not further appeal the determination within the calendar year in which the expedited appeal determination was rendered. If the subscriber appealed the expedited appeal in the subsequent calendar year, in a timely manner, the disposition of the appeal should be reported in Part Three. For example, expedited utilization review appeals closed in 2020 and appealed in a timely manner in 2021 would be reported in this Supplement in Part Three. If a subscriber files a utilization review appeal should be reported as pending in Part Two.
