¹ This chart summarizes Gen. Assessment charges for 2008-09 fiscal year. Institution size is as of 12/31/07 for all institutions.
² The hourly rate is determined by averaging the salaries and fringe costs of all examiners supervising each type of entity. For this figure, the Department uses staffing assigned to these units in January 2008.
³ The percentage of the Total Assessment Bill for each industry is forecast for the coming year and determined by the salary and fringe of examiner and specialist employees assigned to those industry groups
⁴ Institutions in this category with multiple entities regulated by the Banking Department will receive one bill.
⁵ Revenues from investigation fees are directly allotted to the industries that paid them resulting in a reduction in the general assessment bill for that group.
