INSTRUCTIONS

**For completing the Health Blank and Life Blank Annual Statement Supplement
For Article 42 Accident and Health Insurers**

GENERAL

- One copy of the Supplement, completed according to these instructions, should be filed by ALL Accident and Health Insurers licensed in New York State and filing the NAIC Health Blank or NAIC Life Blank.
The Supplement must be filed with pages that are 8 1/2" wide x 14" long, and must be filed in the same sequence as presented by the Department of Financial Services ("Department") in the electronic prototypes available to each insurer through the Department's web site.
All pages of the Supplement Must be bound or stapled together along the left margin and MUST have a cover sheet that precedes the Jurat page. Supplements returned as loose pages without covers or in a larger or smaller size will not be accepted as meeting the filing requirements.
- All forms are to be filed by March 1.** Address all forms to: **Health Bureau, New York State Department of Financial Services, One State Street, New York City, New York 10004.**
- Pages NY2 and NY3 of this Supplement are intended to identify those adjustments necessary to modify the insurer's Annual Statement filed on a Home State basis to reflect New York Law, Rules, Regulations and reporting requirements. Domestic insurers must complete the Annual Statement pursuant to New York Law, Rules, Regulations and reporting requirements and, accordingly, shall not complete pages NY2 and NY3.
- The format of the Supplement has been designed to facilitate data capture. Therefore, do not change the captions for pre-printed items, lines or columns. An entry for which there is no specific pre-printed line or item must be reported with an identifying caption in the "Details" section on the appropriate page. These write-in lines should be reported in descending order. If there is not sufficient room in a "Details" section to accommodate all write-ins, report the additional "Details" section on the Overflow Page, Page NY40.
The page numbers designated in the blank should not be changed. If additional pages are needed use decimals after the page number, for example, NY27.1, NY27.2, etc.
- Supplemental Exhibits and Schedules Interrogatories, Page NY16**
This section refers to Accident and Health Policy Experience Exhibit, Exhibit of Participants in Accident and Health Contracts, Exhibit of Grievances and Utilization Review Appeals, Health Insurance Claims Payable, Report of Premiums and Enrollment Data and Direct Premium by New York Counties. If there is nothing to report on any of these Exhibits and Schedules, companies should complete the Supplemental Exhibits and Schedules Interrogatories on page NY16 of this Supplement and not print the Exhibits and/or Schedules on which there is nothing to report.
Certain Exhibits and Schedules require the use of bar codes. For any Supplemental Interrogatory to which an insurer responds that it is not required to submit the form in question and the form requires the use of a bar code, the insurer is required to affix the appropriate bar code in the space indicated. Note that it is only the Supplemental Interrogatories to which the insurer has responded "NO" that it does not have to file a particular exhibit or form, and for which the physical page or form is marked "NONE" that the appropriate bar code be affixed. In all other instances no bar code should be affixed.
Some interrogatories require that a bar code be affixed in addition to indicating "NO". The appropriate bar code **must be affixed** at any Supplemental Interrogatory where the bar code is required and the insurer responds that it is not required to submit the form. A bar code should not be affixed to any interrogatory: 1) that does not indicate that the bar code be affixed 2) where the response is "YES".
- In many instances items reported on Pages NY2 and NY3 in the Home State Annual Statement are not readily reconcilable with Page NY8, and supporting Exhibits and Schedules. When an item reported in the Annual Statement is derived from a number of accounts, or parts thereof, a reconciling analysis must be attached to this Supplement.
- The following worksheet shows the pages, Exhibits and Schedules in this Supplement that must be filed by each type of insurer. Each domestic and foreign company is required to file the pages, Exhibits or Schedules, as applicable, where an X appears under the appropriate description.

The Jurat Pages in both copies of the NAIC Annual Statement and the New York Supplement must be signed by the same officers and notarized. Photocopies will NOT be accepted. However, the signature section of the Jurat Pages must reflect current executive officers, i.e., the Chief Executive Officer ("CEO"), the Secretary and the Chief Financial Officer ("CFO"). The Company may not substitute titles for the CEO, Secretary or CFO, except that if the Company does not use those titles, the Company shall substitute such titles in the Jurat Pages with the titles of the equivalent Company executives.

NEW YORK ADJUSTMENTS TO THE NAIC BLANK FILED ON A HOME STATE BASIS-PAGES 2 AND 3

Both of these pages contain "Details" sections. The totals of these sections are carried forward to summary line; for example, on Page NY2 the total of "Details of Admitted Asset Adjustments" from Line 0299 is carried forward to Line 2.

Any adjustment on these pages which is not self explanatory should be described in an attachment to this Supplement.
When reporting an adjustment to an aggregate write-in line, the item number reported in the Supplement should be the NAIC blank aggregate write-in item number and the caption should be reported in the "Details" section for that aggregate write-in item; for example, adjustments to Page 2, Item 25 of the NAIC blank would be listed in the "Details of Admitted Asset Adjustments" on Page 2 in this Supplement as follows:

Pg. 2, Item No., Home State A.S.	Caption	
0201 25	Descriptive caption from "Details of Write-ins Aggregated at Item 25 For Other Than Invested Assets"	\$XXX

ACCIDENT AND HEALTH POLICY EXPERIENCE EXHIBIT INSTRUCTIONS

This exhibit is required to be filed no later than March 1

This form has been restructured to be more consistent with the insurance categories and columns in the NAIC version of the Accident and Health Policy Experience Exhibit. Please refer to the Instructions for that exhibit also when completing this exhibit.

1. The name of the company must be clearly shown at the top of each page or pages.
2. Dollar amounts should be reported in whole dollars.
3. The Exhibit will show information concerning direct business written on policy forms approved for use in the United States with a final total for all policy forms (including non-U.S. policy forms) on the bottom line of the Exhibit. If a group or individual form was ever issued in New York, its experience must be reported separately by policy form number, unless prior approval has been obtained from the Superintendent to combine experience. Insert as many lines under each classification as are needed. The form numbers should appear in alphanumeric form number order within each category. The experience for combinations of policy forms of the same category type with a premium volume less than 5% of the total for that category that were never issued in New York may be merged and reported on a single line. Such combinations should be identified as "Non-New York." Other policy forms never issued in New York whose experience is reported by policy form should be identified as a Non-New York form, by placing the designation (Z) to the left of the policy form number.
4. The Exhibit will show information for each listed product for Individual, Group, and Other business categories. Subtotals by product within each individual category are required for all columns, except Years Issued, Expected Lifetime Loss Ratio, and Rate of Commission And Expense. All Section Totals should agree with Section Totals in the NAIC version of the Accident and Health Experience Exhibit.
5. A Summary Page shows a reconciliation with Schedule H for Individual, Group and Credit policies separately and in total for companies filing the Life, Accident and Health, Fraternal and Property/Casualty Annual Statement, and a reconciliation of these policies in total only with the specified exhibits of the Health Annual Statement for companies filing that statement.
6. This Exhibit should not include any data pertaining to double indemnity, waiver of premiums, and other disability benefits embodied in life contracts.
7. Premiums Earned (Column 5) should not include the change in contract reserves, but both Premiums Written (Column 3) and Premiums Earned should include membership charges, modal loadings, and policy fees, if any.
8. "Years issued" should be presented as the first year the form was issued followed by a hyphen followed by the last year issued; e.g., 1998-2000.
9. The entries in Columns (11), (12), (17) and (19) should be expressed as **ratios**, not percents, and should be rounded to three places to the right of the decimal point.

DEFINITIONS

Accident Only or AD&D

Policies that provide coverage, singly or in combination, for death, dismemberment, disability, or hospital and medical care caused by or necessitated as a result of accident or specified kinds of accidents. Types of coverage include student accident, sports accident, travel accident, blanket accident, specific accident or accidental death and dismemberment (AD&D).

Administrative Services Only (ASO) and Administrative Services Contract (ASC)

An uninsured accident and health plan is where an administrator performs administrative services for a third party that is at risk, but has not issued an insurance policy. The health plan bears all of the insurance risk, and there is no possibility of loss or liability to the administrator caused by claims incurred related to the plan. Under an ASO plan, claims are paid from a bank account owned and funded directly by the uninsured plan sponsor; or, claims are paid from a bank account owned by the administrator, but only after receiving funds from the plan sponsor that are adequate to fully cover the claim payments. Under an ASC plan, the administrator pays claims from its own bank accounts, and only subsequently receives reimbursement from the plan sponsor.

Comprehensive/Major Medical

Policies that provide fully insured indemnity, HMO, PPO, or Fee for Service coverage for hospital, medical, and surgical expenses. This category excludes Short Term Medical Insurance, the Federal Employees Health Benefit Program and non-comprehensive coverage such as basic hospital only, medical only, hospital confinement indemnity, surgical, outpatient indemnity, specified disease, intensive care, and organ and tissue transplant coverage as well as any other coverage described in the other categories of this exhibit.

Group business is further segmented under this category as follows (please note there is a separate category for Administrative Services Only/Administrative Services Contract business):

Single Employer:

Group policies issued to one employer for the benefit of its employees. This would include affiliated companies that have common ownership.

Small Employer: Group policies issued to single employers that are subject to the definition of Small Employer business, when so defined, in the group's state of situs.

Other Employer: Group policies issued to single employers that are not defined as Small Employer business.

Multiple Employer Associations and Trusts: Group policies that are issued to an association or to a trust. This category also includes policies issued to one or more trustees of a fund established or adopted by two or more employers, or by one or more labor unions or similar employee organizations. The organizations include those that are exempt and also those that are non-exempt from statewide community rating. This category does not exclude policies providing coverage to employees of small employers, as defined in the employer's state of situs.

Other Associations and Discretionary Trusts: Group policies issued to associations and trusts that are not included in the Small Employer, Other Employer or Multiple Employer Associations and Trusts group categories. This category does not exclude insurance providing coverage to employees of small employers, as defined in the employer's state of situs. This category does include blanket and franchise accident and sickness insurance, and insurance for any group that includes members other than employees, such as an association that has both employees of participating employers and also individuals as members.

Other Comprehensive/Major Medical: Group policies providing comprehensive or major medical benefits that are not included in any of the categories listed above.

Contract Reserves

Reserves set up when, due to the gross premium structure, the future benefits exceed the future net premium. Contract reserves are in addition to claim and premium reserves.

Credit

Individual or group policies that provide benefits to a debtor for full or partial repayment of debt associated with a specific loan or other credit transaction upon disability or involuntary unemployment of debtor, except in connection with first mortgage loans. In some states, involuntary unemployment credit insurance is not included in health insurance. This category should not include that type of credit insurance in those states.

Dental

Policies providing only dental treatment benefits such as routine dental examinations, preventive dental work, and dental procedures needed to treat tooth decay and diseases of the teeth and jaw. If dental benefits are part of a comprehensive medical plan, then include data under comprehensive/major medical category.

INSTRUCTIONS

This exhibit is required to be filed no later than March 1.

1. If there is no data to report in a cell, insert a zero (-0-). To avoid double counting of persons covered in part by another insurer, another policy issued by you, or who are self-insured in part, only report counts for policies which represent an insured's principal coverage (i.e., comprehensive policies). Do not include counts for persons who would be counted in another insurer's statement as principal insurer, or who are counted in your self-insured counts (i.e., do not include supplemental, wrap around type policies). However, premiums and counts for "Minimum Premium Plan" arrangements should be included in the Insured Business section, and Medicare Supplement policies should be included as insured counts, as well.
2. This exhibit should not include any data pertaining to double indemnity, waiver of premiums and other disability benefits embodied in life contracts.
3. Small Group Health Insurance and Individual Health Insurance are defined in New York Insurance Law Sections 3231(a) and 3216(a).
4. Include in the section captioned, "Large Group", all policies other than those defined as Individual or Small Group or which are reported in another line of this exhibit (e.g., "Group Credit" policies are already reported in line 5 of this Exhibit and, therefore, should not be included in the lines captioned "Large Group").
5. Credit A & H shall not include business exceeding 120 months duration.
6. Columns 1 and 2, lines 3, 4, 5 and 7 should agree, respectively, with columns 1 and 2, lines 24, 24.1, 24.2 and 26 of the Accident and Health Insurance Section of the Annual Statement page entitled "Direct Business in the State of New York", and line 6.4 of columns 1 and 2 should equal the sum of lines 24.3, 24.4 and 25.6 of said Annual Statement exhibit.
7. The schedule of **Self-Insured Business** should only include contracts that are substantially self-insured. For example, in arrangements where an employer or association funds substantially all of its claims, with the insurer participating in the arrangement retaining only a nominal premium or retention for administrative services (e.g., Administrative Services Only (ASO) arrangements), the administering insurer should include the appropriate contracts/lives counts in its schedule of self-insured business reported in this exhibit. However, where an employer, association, or other entity is insured by a licensed carrier for a substantial portion of its coverage, such as where it purchases a hospital policy from a licensed insurer while self-insuring its surgical/medical coverage, the company administering the self-insured portion should not include these policies in its counts of self-insured business. These policies should be included in the insured counts of the insurer providing the hospital coverage, whether it is the same insurer that is administering the self-insured portion or another insurer.

Insurers should not report grievance information in Part Two if they do not have a product meeting the description above. Circular Letter No. 5, dated February 19, 1999, states in part, “Those insurers that have voluntarily implemented a grievance procedure not subject to the provisions of Chapter 705 of the Laws of 1996 are encouraged to report grievance information; be certain, however, to note that such information comes from a voluntary program.” Filers of voluntary program data should file a separate report to the Department and not commingle voluntary program data with statutorily required data used to complete this Supplement.

(a) As defined in Section 4801(c) of the New York Insurance Law

(b) Sections 4802, 4903 and 4904 of the New York Insurance Law were effective April 1, 1997 and apply to all contracts issued, renewed, modified, altered, or amended on or after that date.

(c) Section 3217-d of the New York Insurance Law was effective January 1, 2011, and applies to a corporation that issues a comprehensive contract that utilizes a network of providers and is not a managed care health insurance contract as defined in Section 4801(c).

(d) Section 4910 of the New York Insurance Law was effective July, 1, 1999.

Note: Section 4802 of the New York Insurance Law provides for two levels of internal review of grievances, an initial (first level) grievance review and an appeal of that initial determination. A first level grievance should be considered closed, for purposes of Part Two, if the subscriber does not appeal the grievance determination within the calendar year in which the first level grievance determination was rendered. If the subscriber appeals the first level grievance determination in the subsequent calendar year, in a timely manner, the disposition of that appeal should be reported in Part Three. For example, a first level grievance closed in 2018 and appealed in a timely manner in 2019 would be reported in this Supplement in Part Three. If a subscriber files a grievance appeal within the same calendar year as the initial first level grievance determination is made, and the appeal is pending when the calendar year ends, the grievance should be reported as pending in Part Two.

Article 49 of the New York Insurance Law provides for expedited and non-expedited utilization review appeals. A non-expedited utilization review appeal should be considered closed when the utilization review agent notifies a subscriber of the appeal determination. An expedited utilization review appeal should be considered closed, for purposes of Part Two, when the utilization review agent notifies the subscriber of the expedited appeal determination and the subscriber does not further appeal the determination within the calendar year in which the expedited appeal determination was rendered. If the subscriber appealed the expedited appeal in the subsequent calendar year, in a timely manner, the disposition of the appeal should be reported in Part Three. For example, expedited utilization review appeals closed in 2018 and appealed in a timely manner in 2019 would be reported in this Supplement in Part Three. If a subscriber files a utilization review appeal, and the appeal is pending when the calendar year ends, the utilization review appeal should be reported as pending in Part Two.
