DEPARTMENT OF
FINANCIAL SERVICES**

**SUPPLEMENT TO
LIFE AND ACCIDENT AND HEALTH
ANNUAL STATEMENT**

To be filed with the
Annual Statement – December 31, 2019
of the

Name of Insurer

LIFE and A&H

2019

INSTRUCTIONS

**For completing Life and Accident and Health
Annual Statement Supplement**

GENERAL

- Two copies of the Supplement, completed according to these instructions, should be filed by ALL Life and Accident and Health Insurers licensed or accredited in New York.

The Supplement must be filed with pages that are 8 1/2" wide x 14" long, and must be filed in the same sequence as presented by the Department in the electronic prototypes available to each insurer through the Department's web site.

All pages of the Supplement Must be bound or stapled together along the left margin and MUST have a cover sheet that precedes the Jurat page. Supplements returned as loose pages without covers or in a larger or smaller size will not be accepted as meeting the filing requirements.

- All forms are to be filed by March 1. Address all forms to: Life Bureau, New York State Department of Financial Services, One State St., New York, New York 10004.**

- Pages 2 and 3 of this Supplement are intended to identify those adjustments necessary to modify the insurer's Annual Statement filed on a Home State basis to reflect New York Law, Rules, Regulations and reporting requirements. Domestic insurers must complete the Annual Statement pursuant to New York Law, Rules, Regulations and reporting requirements and, accordingly, shall not complete pages 2 and 3.

U.S. Branches of a non-U.S. insurer will use Pages 2 and 3, as described above, to identify those adjustments necessary to modify the insurer's NAIC Annual Statement filed on a Home State basis to reflect New York Law, Rules, Regulations and reporting requirements. Adjustments to the NAIC Trusteed Surplus Statement will be made on Page 62, "New York Adjustments to Home State NAIC Trusteed Surplus Statement".

- The format of the Supplement has been designed to facilitate data capture. Therefore, do not change the captions for pre-printed items, lines or columns. An entry for which there is no specific pre-printed line or item must be reported with an identifying caption in the "Details" section on the appropriate page. These write-in lines should be reported in descending order. If there is not sufficient room in a "Details" section to accommodate all write-ins, report the additional "Details" section on the Overflow Page, Page 63.

The page numbers designated in the blank should not be changed. If additional pages are needed use decimals after the page number, for example, 27.1, 27.2, etc.

- Supplemental Exhibits and Schedules Interrogatories, Page 6**

This section refers to Schedules NP, Q, and U, Accident and Health Policy Experience Exhibit, Exhibit of Participants in Accident and Health Contracts, Exhibit of Grievances and Utilization Review Appeals and Report of Premiums. If there is nothing to report on any of these Exhibits and Schedules, companies should complete the Supplemental Exhibits and Schedules Interrogatories on page 6 of this Supplement and not print the Exhibits and/or Schedules on which there is nothing to report.

Certain Exhibits and Schedules require the use of bar codes. For any Supplemental Interrogatory to which an insurer responds that it is not required to submit the form in question and the form requires the use of a bar code, the insurer is required to affix the appropriate bar code in the space indicated. Note that it is only the Supplemental Interrogatories to which the insurer has responded "NO" that it does not have to file a particular exhibit or form, and for which the physical page or form is marked "NONE" that the appropriate bar code be affixed. In all other instances no bar code should be affixed.

Some interrogatories require that a bar code be affixed in addition to indicating "NO". The appropriate bar code **must be affixed** at any Supplemental Interrogatory where the bar code is required and the insurer responds that it is not required to submit the form. A bar code should not be affixed to any interrogatory: 1) that does not indicate that the bar code be affixed 2) where the response is "YES".

- INDUSTRIAL LIFE INSURANCE:** Companies that have industrial life insurance in force must attach to this Supplement, the following items from the NAIC Annual Statement: Page 3, the Capital and Surplus Account from Page 4 and Exhibits 2, 3 and 4, showing ordinary, industrial and accident and health business, each on a separate page.

- PARTICIPATING AND NON-PARTICIPATING LIFE INSURANCE:** Companies with both participating and non-participating life insurance in force must complete Schedule NP* and must attach to this Supplement, the following items: Page 6 - Summary from the NAIC Annual Statement showing participating and non-participating business, each on a separate page.

*NOTE that Schedule NP may be required even if the company does not have both participating and non-participating business in force. Read instruction 1 of Schedule NP on page 19 to determine if the Schedule must be completed.

- In many instances items reported on Pages 2 and 3 in the Home State Annual Statement are not readily reconcilable with Page 4, and supporting Exhibits and Schedules. When an item reported in the Annual Statement is derived from a number of accounts, or parts thereof, a reconciling analysis must be attached to this Supplement.

EXAMPLE:

Reconciliation of Exhibit 12, Line 30, Aggregate write-ins for decreases in ledger assets

	Current Year	Prior Year	Change
Page 3, Line 18	\$ 18,500	\$ 28,500	
Page 3, Line 20	110,000	200,000

	\$ 203,500	\$ 353,500	\$150,000

- The following worksheet shows the pages, Exhibits and Schedules in this Supplement that must be filed by each type of insurer. Each domestic, foreign and accredited reinsurance company is required to file the pages, Exhibits or Schedules, as applicable, where an X appears under the appropriate description.

JURAT PAGE-PAGE 1

The jurats in both copies of the NAIC Annual Statement and the New York Supplement must be signed by the same officers and notarized. Photocopies will NOT be accepted.

NEW YORK ADJUSTMENTS TO THE NAIC BLANK FILED ON A HOME STATE BASIS-PAGES 2 AND 3

Both of these pages contain "Details" sections. The totals of these sections are carried forward to summary line; for example, on Page 2 the total of "Details of Admitted Asset Adjustments" from Line 0299 is carried forward to Line 2.

Each item reported in the Annual Statement completed on a Home State Basis that requires an adjustment in order to be reported in accordance with New York requirements should be listed separately in the appropriate "Details" section, unless a printed line has been provided in the Supplement. Any adjustment on these pages which is not self explanatory should be described in an attachment to this Supplement.

When reporting an adjustment to an aggregate write-in line, the item number reported in the Supplement should be the NAIC blank aggregate write-in item number and the caption should be reported in the "Details" section for that aggregate write-in item; for example, adjustments to Page 2, Item 25 of the NAIC blank would be listed in the "Details of Admitted Asset Adjustments" on Page 2 in this Supplement as follows:

Pg 2, Item No., Home State A.S.	Caption	
0201 25	Descriptive caption from "Details of Write-ins Aggregated at Item 25 For Other Than Invested Assets"	\$XXX
0202 25	Descriptive caption from "Details of Write-ins Aggregated at Item 25 For Other Than Invested Assets"	\$XXX

ASSETS-PAGE 2

Line 2-Total New York Admitted Asset Adjustments

An insurance company owning stock of another insurance company MUST NOT use a value greater than the value permitted by Section 1414(c) of the New York Insurance Law. The total of all adjustments to the assets reported in the Annual Statement filed on a Home State basis should be reported on Page 2, Line 2 of this Supplement. Each adjustment should be listed in the "Details of Admitted Asset Adjustments", identified by item number, caption and amount.

When the asset adjustments include changes in assets that are individually listed in one of the invested asset schedules, attach a statement to this Supplement providing a full description and the amount of change for each individual item.

LIABILITIES, SURPLUS AND OTHER FUNDS-PAGE 2

Line 5-New York Liability Adjustments

Include any adjustment necessary to reflect an additional liability or amount of liability that is required pursuant to New York Law, or to reclassify liabilities established on a Home State basis for reporting to New York. Each adjustment should be listed in the "Details of All Other Liability Adjustments", identified by item number, caption and amount.

Line 9-Adjustment to Home State A.S., Page 3, Item 34, Special Surplus Funds

Each adjustment should be listed in the "Details of Special Surplus Funds Adjustments". Include: "Group Contingency Life Reserve" if the full amount has not been included in the Annual Statement completed on a Home State basis, "Reserve For Aviation Reinsurance" if the amount included in the Annual Statement on a Home State basis is not equal to at least the sum of capital and surplus required by New York State of a fire and casualty insurer transacting the same kind of business.

Any other special fund required or appropriate under New York law.

Line 10-Adjustment to Home State A.S., Page 3, Item 35, Unassigned Funds

The total adjustment on Line 10 should represent the net effect of all other adjustments reported on Lines 2, and 5.

Line 11-All Other Surplus and Other Funds Adjustments

Include any New York adjustments to Home State A.S., Page 3, Items 29, 30, 31, 32, 33 and 36.

SUMMARY OF OPERATIONS-PAGE 3

Line 2-New York Adjustments to Net Income

This line develops income on a New York basis.

Include adjustments to assets and for liabilities affecting income. Amounts reported should be the change between years.

CAPITAL AND SURPLUS ACCOUNT-PAGE 3

Lines 6, 7, 8, and 9 General Instruction

The amount reported at these lines should be the current year's adjustment. DO NOT REPORT CHANGE BETWEEN YEARS.

Line 6-Current year adjustment to assets and/or liabilities affecting net income.

Include the actual difference between the amounts reported in the Home State Annual Statement and assets and/or liabilities reported in the New York Supplement.

Line 7-Current year adjustment to net unrealized capital gains or (losses)

Include any changes in unrealized capital gains or losses resulting from adjustments in invested values that are reported on Page 2, Line 2 of this Supplement.

Line 8-Current year adjustment to non admitted assets and related items

Include any New York changes in admitted asset values resulting from adjustments in admitted assets that are reported on Page 2, Line 2 of this Supplement.

Do not include adjustments in invested assets. These are reported at Line 2.

Line 9-All other capital and surplus adjustments.

Exclude any adjustments which do not result in an overall change in total capital and surplus.

INSTRUCTIONS TO SCHEDULE M
SCHEDULE M - PART 1
DIVIDENDS ACTUALLY PAID ON POLICIES ISSUED TWENTY YEARS PRIOR TO
YEAR OF STATEMENT

This schedule displays the actual dividend experience for a limited sample of principal policies issued twenty years prior to the statement year.

All figures should be per \$1,000 face amount of individual life insurance.

Column 1 – Description of Policy

Show information for those plans considered by the company to be its principal plans, and for any other plan with a volume (face amount of insurance) issued 20 years prior to statement year of 5% or more of total written business (individual policies) for year. Give a descriptive title showing term of coverage and premium paying period.

Column 3 – Amount

When size bands, constant add-on factors or other methods of gradation by size of policy are used, show figures for both \$10,000 and \$25,000 policies and each such amount in this column followed by "G." Otherwise, show figures for policies issued for minimum amounts (if issued) and each such amount in this column followed by "M."

Columns 4 through 6 – Gross Premiums

Male premiums to be shown. Exclude charge for additional benefits. If such charge is not separable, attach description of the additional benefits included and list approximate yearly value of these for each plan and issue age. State adjustments for female premiums.

For modified premium plans, indicate number of years each premium is payable in parentheses after the premium. For level premium plans, enter the premium in the "Ultimate Premium" column.

Column 28 – 20th Year Terminal Dividend
Column 30 – 10th Year Terminal Dividend

If terminal dividends are not payable until a policy year later than the 10th or 20th, enter amount of terminal dividend for earliest policy year payable and enter such policy year in parentheses after amount of terminal dividend. If no policies have been issued which are in their 20th or succeeding policy years, data must be shown in this schedule for policies issued less than 20 years for the maximum period such policies have been in force.

SCHEDULE M – PART 2
ILLUSTRATIVE DIVIDENDS FOR POLICIES ISSUED IN YEAR OF STATEMENT BASED UPON
DIVIDEND SCALE IN EFFECT FOR YEAR OF STATEMENT

This schedule displays an illustration of future dividend experience for a limited sample of principal policies issued in the statement year. The illustration is based on the current dividend scale.

All figures should be per \$1,000 face amount of individual life insurance.

Column 1 – Description of Policy

Show information for those plans considered by the company to be its principal plans, and for any other plan with a volume (face amount of insurance) issued during the statement year of 5% or more of total written business (individual policies) for year.

Column 3 – Amount

When size bands, constant add-on factors or other methods of gradation by size of policy are used, show figures for both \$10,000 and \$25,000 policies and each such amount in this column followed by "G." Otherwise, show figures for policies issued for minimum amounts (if issued) and each such amount in this column followed by "M."

Columns 4 through 6 – Gross Premiums

Male premiums to be shown. Exclude charge for additional benefits. If such charge is not separable, attach description of the additional benefits included and list approximate yearly value of these for each plan and issue age. State adjustments for female premiums.

For modified premium plans, indicate number of years each premium is payable in parentheses after the premium. For level premium plans, enter the premium in the "Ultimate Premium" column.

Column 28 – 20th Year Terminal Dividend
Column 30 – 10th Year Terminal Dividend

If terminal dividends are not payable until a policy year later than the 10th or 20th, enter amount of terminal dividend for earliest policy year payable and enter such policy year in parentheses after amount of terminal dividend.

SCHEDULE M INTERROGATORIES AND ACTUARIAL OPINION (continued)

Actuarial Opinion

I, (name, title), am (relationship to company), and a member of the American Academy of Actuaries. I have examined the actuarial assumptions and methods used in determining dividends under the dividend scale for the individual participating life insurance policies of the Company issued for delivery in the United States. The dividends encompassed by this scale include:

- i. Those apportioned for payment during the year 2020; and
- ii. Those authorized for illustration by the Company for payment on new or existing business in the year 2020 and later.

My examination included such review of the actuarial assumptions and methods of the underlying basic records and such tests of the actuarial calculations as I considered necessary. In my opinion, these dividends have been determined in accordance with actuarial principles and practices of the American Academy of Actuaries applicable to the determination of dividends except as described above.

INSTRUCTIONS

1. **STOCK COMPANIES:** This schedule must be completed by all stock companies that have in force any policies or contracts with non-guaranteed elements, including: traditional participating policies or contracts; universal life and indeterminate premium type policies; accumulation-type deferred annuities, etc.; or that report a Surplus Management or Corporate Account in Column (8) of the Analysis of Operations – Summary on page 6 of the annual statement.

MUTUAL COMPANIES: It is also required of all mutual companies with any or all of the following in force: nonparticipating policies or contracts other than immediate annuities; policies or contracts with non-guaranteed elements other than traditional dividends, such as universal life and indeterminate premium type policies and accumulation-type deferred annuities; or with a Surplus Management or Corporate Account in Column (8) of the Analysis of Operations – Summary on page 6 of the annual statement.

FORMERLY MUTUAL LIFE INSURANCE COMPANIES THAT HAVE BEEN REORGANIZED INTO STOCK LIFE INSURANCE COMPANIES: For companies in this category, all business issued prior to the date of reorganization is to be included as nonparticipating, even if such business originally was issued on a participating basis.

2. Policies and contracts that are nominally participating but on which it is not expected that dividends will be paid must be included as participating. Policies and contracts having non-guaranteed elements other than (or in addition to) traditional policyholder dividends, such as universal life and indeterminate premium life, accumulation-type deferred annuities, etc., must be included in column 4 (if nominally participating) or column 7 (if nonparticipating).
3. **DOMESTIC COMPANIES:** The Grand Total columns on pages 20, 21 and 22 should agree with pages 2, 3 and 4, respectively, of the NAIC Blank annual statement. Cross references on Page 20, Line 28; Page 21, Lines 28 & 39; and Page 22, Line 35 **apply to foreign companies only.**
4. **FOREIGN COMPANIES:** Any New York adjustment on Pages 2 and 3, of this Supplement should be reflected in the appropriate lines on pages 20, 21 and 22 of this Supplement. Accordingly, the totals in the Grand Total columns, for each respective line on pages 20, 21 and 22 should agree with the respective **totals** reported on Pages 2 and 3, of this Supplement. Cross references are provided on Page 20, Line 28; Page 21, Lines 28 & 39; and Page 22, Line 35 for further guidance.
5. There are no "Details for Aggregate Write-ins" sections on pages 20, 21 and 22. Page 23 of the Supplement does have a "Details" section which should be filled out appropriately for all columns.
6. A worksheet should be appended to Schedule NP for the item on Page 23 of the Supplement entitled "Profits on participating policies credited to Stockholders Fund", showing in full detail the basis for the item and the calculation of the limit on such transfers prescribed by Section 4231(f)(2)(B) of the Insurance Law.

Exhibit of Captive and Offshore Affiliate Reinsurance Transactions

General Instructions

- A. This exhibit requires that licensed insurers report transactions entered into by the licensed insurer as well as transactions entered into by any U.S. insurer in the licensed insurer's holding company system. All transactions by U.S. Insurers within the insurer's holding company system involving life and annuity risks ceded to an affiliated captive or affiliated offshore reinsurer must be reported on this exhibit, excluding business ceded to a "pure captive" (i.e. business involving employees within the Holding Company system).
- B. The information reported in this Exhibit is to be reported on a treaty by treaty basis.
- C. Where there are multiple New York licensed insurers in a holding company, do not duplicate any information reported for affiliates. One of the licensed insurers should take the lead in reporting affiliate transactions.
- D. Although this exhibit is not limited to guarantees, transactions involving guarantees need to be distinguished from those that do not include guarantees. A parental guarantee associated with a Letter of Credit includes assurances given by a parent or affiliate of the reinsurer (i.e., credit reimbursement agreement or co-signature arrangement) that guarantees reimbursement to a financial institution of any funds withdrawn by the ceding insurer from the Letter of Credit. Other forms of parental guarantees include assurances given by a parent or affiliate to secure any type of financing that is related to a reinsurance transaction with an affiliated captive reinsurer or affiliated offshore insurer. These types of assurances include but are not limited to commitments given to any investors, risk-takers, and financial institutions concerning interest rates swaps, surplus notes arrangements, pledges or guarantees, and repayment methods.
- E. Funds withheld should not be included in the table above if there are no associated parental guarantees.

Column Instructions:

Column 1 - Enter the line number for each transaction in the "Exhibit Line Number" column, starting at 1.

Column 8 - Enter type of business reinsured, e.g., term life, universal life, universal life with secondary guarantees, or variable life.

Column 9 - Enter the applicable NAIC codes for type of reinsurance ceded from Schedule S.

Column 10 - Report the Cedent's gross statutory reserves, for the percentage of business reinsured, required to be maintained by the domiciliary state.

Column 11 - Report the reserve credit taken by the cedent reported in Schedule S, Part 4 of the Statutory Annual Statement.

Column 12 - Report the reserve liability established by the reinsurer on the risk reinsured. If the reinsurer is setting up reserves equal to the reserve credit taken by the cedent, but is reporting an asset for the difference between the cedent's gross statutory reserve and the reinsurer's reserving method, then the reserve liability reported in this column should be net of this asset amount.

Column 13 - Report the amount, if any, that the reinsurer is reporting as an asset for the difference between the cedent's gross statutory reserve (reported in Column 10) and the reinsurer's reserving method (reported in Column 12).

Column 14 - Provide the basis upon which the reserves in Column 12 are calculated, i.e., statutory, GAAP, IFRS, other.

Column 15 - Report the amount of any trust funded by assets obtained by any type of collateral financing arrangements using parental or affiliate guarantees.

Column 16 - Report the amount of any letter of credit that has any type of parental or affiliate guarantee.

Column 17 - Report whether the letter of credit has any type of condition(s) that must be met by the cedent prior to the bank allowing a drawdown on the letter of credit.

Column 18 - Report the amount of any other parental or affiliate guarantees (other than trusts or letters of credit), e.g., naked parental guarantee, affiliate guarantee.

Column 19 - Report the amount of any credit-linked notes, contingent notes, demand notes, etc. that are reported as an admitted asset on the financial statements of the reinsurer.

Column 20 - Report the amount of any excess-of-loss reinsurance that is reported as an admitted asset on the financial statements of the reinsurer or used as other forms of acceptable collateral.

Column 21 - Enter the name of the entity providing any guarantees related to the amounts reported in columns 15, 16, 18, 19 and 20.

Column 22 - Provide the amount of any liability established in the financial statements of the guarantor related to any amounts reported in columns 15, 16, 18, 19 and 20.

Column 23 - Report the amount of columns 15, 16 and 18 that is reported as an asset on the financial statements of the reinsurer.

Column 24 - Report the amount associated with any permitted or prescribed accounting practices received by the captive reinsurer from its domiciliary regulator not captured in columns 15, 16, 18, 19 and 20.

Column 25 - Report the amount of all letters of credit without a parental or affiliate guarantee that is reported as an admitted asset on the financial statements of the reinsurer.

Column 26 - For each treaty, provide the change (+/-) in the Risk Based Capital ratio (Company Action Level) of the cedent as a result of the transaction for December 31 of the current year. For example, if the cedent's 2019 RBC ratio (Company Action Level) is 350% without taking into account the impact of the particular treaty and 360% after the impact of the treaty is calculated, the cedent should report a +10% change in RBC for such treaty (the goal is that the reported impact may be subtracted from the reported 2019 RBC ratio for such cedent to determine the RBC ratio without such treaty).

Exhibit of Captive and Offshore Affiliate Reinsurance Transactions

INTERROGATORIES

1. Were the parental guarantees reported in Part 1 disclosed in the statutory statements filed with the NAIC by the cedent? Yes [] No []
 If so, please identify the schedules, notes or exhibits.
 If not, please explain. _____

- 2a. Were the parental guarantees reported in Part 1 disclosed in any Securities and Exchange Commission publicly available filing or report? Yes [] No []
 If yes, specify which filings or reports. If no, explain why not. _____

- 2b. Will the parental guarantees reported in Part 1 be disclosed in the current year's GAAP financial statements or the notes to the financial statements? Yes [] No []
 If yes, specify where the information will be located. If no, explain why such guarantees will not be reported.

- 2c. Were the parental guarantees reported in Part 1 disclosed in any other filing that is available to investors, policyholders, or any other segment of the public? Yes [] No []

3. Will the parental guarantees reported in Part 1 be provided to the ceding insurer's certified public accountants ("CPA") during their annual audit? Yes [] No []
 If not, please explain why not. _____

4. Are there any reinsurance transactions within the holding company system between the New York domiciled insurer and another insurer (authorized or unauthorized in New York), whereby the business reinsured is subsequently retroceded to an affiliated captive or affiliated offshore entity of the New York cedent? Yes [] No []
 If yes, identify and provide a description of the cession and retrocession _____

5. Are there any procedures in place to evaluate the material risk to the holding company system related to affiliate captive and affiliate offshore reinsurance? Yes [] No []
 If yes, are these risks quantified? Provide a description of the process and any amount or other quantification related to the arrangement(s). _____

- 6a. What is the total amount of letter of credit capacity available under committed facilities obtained for or used by entities within the holding company system to provide collateral for their reinsurance obligations to affiliates? \$.....

- 6b. How much has been used as of December 31, of the current year? \$.....

7. Provide a summary of any permitted accounting practice that was received by the captive reinsurer as described in column 24 of the Instructions. _____

ANALYSIS OF VALUATION RESERVES - GENERAL ACCOUNT**INSTRUCTIONS**

1. Show amounts of life insurance in force and annual income for Annuities and Supplementary Contracts in thousands (000 omitted). Show reserve amounts in **whole dollars**.
2. **Column 2, "Location in Last Year's Analysis of Valuation Reserves":**
Insert the 7 digit line number on which the item was reported in last year's Analysis of Valuation Reserves. For new valuation bases, enter "0000000".
The NYSID will be using this information, which is also submitted electronically, to link current year-end data to past year-end data in order to electronically trend the information contained on the AoVR. Incorrect information will have to be re-filed with the Department.
3. **Cross Checks (Data Consistency) - For NYS Domestic Companies only.**
The information presented in Exhibit 5 of the NAIC Life and Accident and Health Annual Statement must be identical to the information presented in the Analysis of Valuation Reserves. Specifically:
 - a. The Net Totals, by section, should agree.
 - b. The reserve basis lines should agree.
4. If additional pages are needed to complete this Schedule, follow General Instruction No. 4 on the inside front cover of this Supplement.
5. **Life insurance - For NYS Domestic Companies only:** The total amounts in force should agree with the appropriate values reported in the Exhibit of Life Insurance of the Annual Statement.
6. **Annuities and Supplementary Contracts with Life Contingencies:**
 - a. Show annual income figures for all fixed income immediate annuities and for all fixed income deferred annuities and Supplementary Contracts With Life Contingencies.
 - b. Structured settlements: Amounts of annual income are required only for those contracts involving payment made annually or more frequently.
 - c. Annual income figures for other annuities are not required.
7. **Valuation bases:** Each combination of mortality table, valuation interest rate and valuation method constitutes a separate valuation basis. Use a separate line for each valuation basis and indicate the following information with respect to each basis:
 - a. **Mortality and/or Morbidity Table**
Variations of mortality such as substandard multiples, sex and sex-blend parameters should not be considered separate mortality tables. Age Last Birthday (ALB) and Age Nearest Birthday (ANB) are considered separate tables.
 - b. **Valuation Interest Rate**
Where the span of such range is less than or equal to 1/2%, it is preferable to combine a range of valuation interest rates. Where split valuation interest rates apply, the number of years to which each rate applies must be indicated.
 - c. **Valuation Methods:** e.g.; CRVM, Modified, NL
Note: If a modified basis is used, indicate the modification used.
 - d. **Issue Years**
Always indicate the applicable span(s) of issue years to which the valuation basis is applied. For otherwise identical valuation bases, it is preferred that issue years be grouped. (i.e. For the same basis, issue years 90, 91, 92 may be grouped as 90-92.)
 - e. **Additional information of life insurance:**
Include, where applicable:
 - (i) Immediate Payment of Claims (IPC)
 - (ii) Continuous Functions (CNF)
 - (iii) Curtate Functions (CRF)
 - f. **Interest Sensitive Life Types (ISL):**
Always use separate lines for Interest Sensitive Life Types and identify those as such with (ISL) next to the valuation basis description. For example, if one valuation basis would otherwise contain reserves for both Interest Sensitive Life Types and other life insurance (e.g. traditional), split the valuation basis into 2 separate valuation bases and label the valuation basis containing the Interest Sensitive Life Types with (ISL) next to the valuation basis description.
 - g. **Annuities:**
Always use separate lines for all Annuity business for each unique combination in 7.h. below. For example, use 2 separate lines for Immediate (IMM) and Deferred (DEF) annuities with otherwise identical valuation bases; as well as, use 2 separate lines for deferred annuities in accumulation status (DEF NFI) and deferred annuities in payout status (DEF FI).
 - h. **Additional information for annuities:**
Include, where applicable:
 - (i) Immediate (IMM), Deferred (DEF) or Structured Settlement (SS)
 - (ii) Fixed income immediate annuities (Fixed Income, FI) or annuities where annuity income is not yet determined (Not Fixed Income, NFI)
 - (iii) Immediate annuities are those where the first payment begins in thirteen or fewer months after issue.
8. The Company Name, Valuation Year and NAIC number must appear on every page of the AoVR.
9. All sections of the AoVR must be displayed regardless of their applicability.

REMARKS:

- (1) All miscellaneous reserves must be included in Section VII, except in the case of subsection E, when the total liability for a substandard policy or rider (such as a policy or rider issued on rating-in-age basis or on a special class basis, etc.) is not obtained by a valuation of the standard reserve and a separate valuation of the substandard extra reserve, the substandard extra reserve need not, at the company's option, be reported in subsection E of Section VII. If the reserve reported in Section VII A is calculated using a different interest rate from that of the basic reserve, the rate used in calculation of the excess reserve should be specified in Section VII A.
- (2) Business not exceeding 120 months duration.
- (3) Other than credit.
- (4) If additional reserves corresponding to items in Exhibit 5 of the Home State Annual Statement are held as a result of cash flow testing then such additional reserves are to be shown here.

ANALYSIS OF VALUATION RESERVES - SEPARATE ACCOUNT**INSTRUCTIONS**

1. Show amounts of life insurance in force and annual income for Annuities and Supplementary Contracts in thousands (000 omitted). Show reserve amounts in **whole dollars**.
2. **Column 2, "Location in Last Year's Analysis of Valuation Reserves":**
Insert the 7 digit line number on which the item was reported in last year's Analysis of Valuation Reserves. For new valuation bases, enter "0000000".
The NYSID will be using this information, which is also submitted electronically, to link current year-end data to past year-end data in order to electronically trend the information contained on the AoVR. Incorrect information will have to be re-filed with the Department.
3. **Cross Checks (Data Consistency) - For NYS Domestic Companies only**
The information presented in Exhibit 3 of the NAIC Life and Accident and Health Separate Account Annual Statement must be identical to the information presented in the Analysis of Valuation Reserves. Specifically:
 - a. The Net Totals, by section, should agree.
 - b. The reserve basis lines should agree.
4. If additional pages are needed to complete this Schedule, follow General Instruction No. 4 on the inside front cover of this Supplement.
5. **Annuities and Supplementary Contracts with Life Contingencies:**
 - a. Show annual income figures for all fixed income immediate annuities and for all fixed income deferred annuities and Supplementary Contracts With Life Contingencies.
 - b. Structured settlements: Amounts of annual income are required only for those contracts involving payment made annually or more frequently.
 - c. Annual income figures for other annuities are not required.
6. **Valuation bases:** Each combination of mortality table, valuation interest rate and valuation method constitutes a separate valuation basis. Use a separate line for each valuation basis and indicate the following information with respect to each basis:
 - a. **Mortality and/or Morbidity Table**
Variations of mortality such as substandard multiples, sex and sex-blend parameters should not be considered separate mortality tables. Age Last Birthday (ALB) and Age Nearest Birthday (ANB) are considered separate tables.
 - b. **Valuation Interest Rate**
Where the span of such range is less than or equal to 1/2%, it is preferable to combine a range of valuation interest rates. Where split valuation interest rates apply, the number of years to which each rate applies must be indicated.
 - c. **Valuation Methods:** e.g.; CRVM, Modified, NL
Note: If a modified basis is used, indicate the modification used.
 - d. **Issue Years**
Always indicate the applicable span(s) of issue years to which the valuation basis is applied. For otherwise identical valuation bases, it is preferred that issue years be grouped. (i.e. For the same basis, issue years 90, 91, 92 may be grouped as 90-92.)
 - e. **Additional information of life insurance:**
Include, where applicable:
 - (i) Immediate Payment of Claims (IPC)
 - (ii) Continuous Functions (CNF)
 - (iii) Curtate Functions (CRF)
 - f. **Interest Sensitive Life Types (ISL):**
Always use separate lines for Interest Sensitive Life Types and identify those as such with (ISL) next to the valuation basis description. For example, if one valuation basis would otherwise contain reserves for both Interest Sensitive Life Types and other life insurance (e.g. traditional), split the valuation basis into 2 separate valuation bases and label the valuation basis containing the Interest Sensitive Life Types with (ISL) next to the valuation basis description.
 - g. **Annuities:**
Always use separate lines for all Annuity business for each unique combination in 6.h. below. For example, use 2 separate lines for Immediate (IMM) and Deferred (DEF) annuities with otherwise identical valuation bases; as well as, use 2 separate lines for deferred annuities in accumulation status (DEF NFI) and deferred annuities in payout status (DEF FI).
 - h. **Additional information for annuities:**
Include, where applicable:
 - (i) Immediate (IMM), Deferred (DEF) or Structured Settlement (SS)
 - (ii) Fixed income immediate annuities (Fixed Income, FI) or annuities where annuity income is not yet determined (Not Fixed Income, NFI)
 - (iii) Immediate annuities are those where the first payment begins in thirteen or fewer months after issue.
7. The Company Name, Valuation Year and NAIC number must appear on every page of the AoVR.
8. All sections of the AoVR must be displayed regardless of their applicability.

ACCIDENT AND HEALTH POLICY EXPERIENCE EXHIBIT INSTRUCTIONS**This exhibit is required to be filed no later than March 1****This form has been restructured to be more consistent with the insurance categories and columns in the NAIC version of the Accident and Health Policy Experience Exhibit. Please refer to the Instructions for that exhibit also when completing this exhibit.**

1. The name of the company must be clearly shown at the top of each page or pages.
2. Dollar amounts should be reported in whole dollars.
3. The Exhibit will show information concerning direct business written on policy forms approved for use in the United States with a final total for all policy forms (including non-U.S. policy forms) on the bottom line of the Exhibit. If a group or individual form was ever issued in New York, its experience must be reported separately by policy form number, unless prior approval has been obtained from the Superintendent to combine experience. Insert as many lines under each classification as are needed. The form numbers should appear in alphanumeric form number order within each category. The experience for combinations of policy forms of the same category type with a premium volume less than 5% of the total for that category that were never issued in New York may be merged and reported on a single line. Such combinations should be identified as "Non-New York." Other policy forms never issued in New York whose experience is reported by policy form should be identified as a Non-New York form, by placing the designation (Z) to the left of the policy form number.
4. The Exhibit will show information for each listed product for Individual, Group, and Other business categories. Subtotals by product within each individual category are required for all columns, except Years Issued, Expected Lifetime Loss Ratio, and Rate of Commission And Expense. All Section Totals should agree with Section Totals in the NAIC version of the Accident and Health Experience Exhibit.
5. A Summary Page shows a reconciliation with Schedule H for Individual, Group and Credit policies separately and in total for companies filing the Life, Accident and Health, Fraternal and Property/Casualty Annual Statement, and a reconciliation of these policies in total only with the specified exhibits of the Health Annual Statement for companies filing that statement.
6. This Exhibit should not include any data pertaining to double indemnity, waiver of premiums, and other disability benefits embodied in life contracts.
7. Premiums Earned (Column 5) should not include the change in contract reserves, but both Premiums Written (Column 3) and Premiums Earned should include membership charges, modal loadings, and policy fees, if any.
8. "Years issued" should be presented as the first year the form was issued followed by a hyphen followed by the last year issued; e.g., 1998-2000.
9. The entries in Columns (11), (12), (17) and (19) should be expressed as **ratios**, not percents, and should be rounded to three places to the right of the decimal point.

DEFINITIONS**Accident Only or AD&D****Policies that provide coverage, singly or in combination, for death, dismemberment, disability, or hospital and medical care caused by or necessitated as a result of accident or specified kinds of accidents. Types of coverage include student accident, sports accident, travel accident, blanket accident, specific accident or accidental death and dismemberment (AD&D).****Administrative Services Only (ASO) and Administrative Services Contract (ASC)****An uninsured accident and health plan is where an administrator performs administrative services for a third party that is at risk, but has not issued an insurance policy. The health plan bears all of the insurance risk, and there is no possibility of loss or liability to the administrator caused by claims incurred related to the plan. Under an ASO plan, claims are paid from a bank account owned and funded directly by the uninsured plan sponsor; or, claims are paid from a bank account owned by the administrator, but only after receiving funds from the plan sponsor that are adequate to fully cover the claim payments. Under an ASC plan, the administrator pays claims from its own bank accounts, and only subsequently receives reimbursement from the plan sponsor.****Comprehensive/Major Medical****Policies that provide fully insured indemnity, HMO, PPO, or Fee for Service coverage for hospital, medical, and surgical expenses. This category excludes Short Term Medical Insurance, the Federal Employees Health Benefit Program and non-comprehensive coverage such as basic hospital only, medical only, hospital confinement indemnity, surgical, outpatient indemnity, specified disease, intensive care, and organ and tissue transplant coverage as well as any other coverage described in the other categories of this exhibit.****Group business is further segmented under this category as follows (please note there is a separate category for Administrative Services Only/Administrative Services Contract business):**

Single Employer: Group policies issued to one employer for the benefit of its employees. This would include affiliated companies that have common ownership.

Small Employer: Group policies issued to single employers that are subject to the definition of Small Employer business, when so defined, in the group's state of situs.

Other Employer: Group policies issued to single employers that are not defined as Small Employer business.

Multiple Employer Associations and Trusts: Group policies that are issued to an association or to a trust. This category also includes policies issued to one or more trustees of a fund established or adopted by two or more employers, or by one or more labor unions or similar employee organizations. The organizations include those that are exempt and also those that are non-exempt from statewide community rating. This category does not exclude policies providing coverage to employees of small employers, as defined in the employer's state of situs.

Other Associations and Discretionary Trusts: Group policies issued to associations and trusts that are not included in the Small Employer, Other Employer or Multiple Employer Associations and Trusts group categories. This category does not exclude insurance providing coverage to employees of small employers, as defined in the employer's state of situs. This category does include blanket and franchise accident and sickness insurance, and insurance for any group that includes members other than employees, such as an association that has both employees of participating employers and also individuals as members.

Other Comprehensive/Major Medical: Group policies providing comprehensive or major medical benefits that are not included in any of the categories listed above.

Contract Reserves

Reserves set up when, due to the gross premium structure, the future benefits exceed the future net premium. Contract reserves are in addition to claim and premium reserves.

Credit

Individual or group policies that provide benefits to a debtor for full or partial repayment of debt associated with a specific loan or other credit transaction upon disability or involuntary unemployment of debtor, except in connection with first mortgage loans. In some states, involuntary unemployment credit insurance is not included in health insurance. This category should not include that type of credit insurance in those states.

Dental

Policies providing only dental treatment benefits such as routine dental examinations, preventive dental work, and dental procedures needed to treat tooth decay and diseases of the teeth and jaw. If dental benefits are part of a comprehensive medical plan, then include data under comprehensive/major medical category.

Disability Income– Long Term

Policies that provide a weekly or monthly income benefit for more than five years for individual coverage and more than one year for group coverage for full or partial disability arising from accident and/or sickness. Include policies that provide Overhead Expense Benefits. Does not include credit disability.

Disability Income– Short Term

Policies that provide a weekly or monthly income benefit for up to five years for individual coverage and up to one year for group coverage for full or partial disability arising from accident and/or sickness. Include policies that provide Statutory DBL Benefits and Overhead Expense Benefits. Does not include credit disability.

Federal Employees Health Benefits Program (FEHBP)

Coverage provided to Federal employees, retirees and their survivors and administered by the Office of Personnel Management.

Group Business

Health insurance where the policy issued to employers, associations, trusts, or other groups covering employees or members and/or their dependents, to whom a certificate of coverage may be provided.

Individual Business

Health insurance where the policy is issued to an individual covering the individual and/or their dependents. This includes conversions from group policies.

Limited Benefit

Policies that provide coverage for vision, prescription drug, and/or any other single service plan or program. Also include short-term care policies that provide coverage for less than one year for medical and other services provided in a setting other than an acute care unit of the hospital.

Long-Term Care

Policies that provide coverage for not less than one year for diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services provided in a setting other than an acute care unit of a hospital, including policies that provide benefits for cognitive impairment or loss of functional capacity. This includes policies providing only nursing home care, home health care, community based care, or any combination. Do not include coverage provided under comprehensive/major medical policies, Medicare Advantage, or for accelerated death benefit-type products.

Medicaid

Policies issued in association with the Federal/State entitlement program created by Title XIX of the Social Security Act of 1965 that pays for medical assistance for certain individuals and families with low incomes and resources.

Medicare

Policies issued as Medicare Advantage Plans providing Medicare benefits to Medicare eligible beneficiaries created by title XVIII of the Social Security Act of 1965. This includes Medicare Managed Care Plans (i.e. HMO and PPO) and Medicare Private Fee-for-Service Plans.

Medicare Part D – Stand Alone

Stand-alone Part D coverage written through individual contracts, stand-alone Part D coverage written through group contracts and certificates, and Part D coverage written on employer groups where the reporting entity is responsible for reporting claims to the Centers for Medicare & Medicaid Services (CMS).

Medicare Supplement

Policies that qualify as Medicare Supplement policy forms as defined in the NAIC Medicare Supplement Insurance Minimum Standards Model Act. This includes standardized plans, pre-standardized plans and Medicare select.

Other Business

Any business that is not included in the Individual Business or Group Business listed above, including credit insurance, stop loss/excess loss, administrative services only and administrative services contract.

Other Group Business

Group policies providing health insurance benefits that are not included in any other group business category of this exhibit should be reported as other group business.

Other Individual Business

Individual policies providing health insurance benefits that are not included in any other individual business category of this exhibit should be reported as other individual business.

Other Medical (Non-Comprehensive)

Policies such as hospital only, hospital confinement, surgical, outpatient indemnity, intensive care, mental health/substance abuse, and organ and tissue transplant (including scheduled type policies), etc. Expense reimbursement and indemnity plans should be included. This category does not include TRICARE/CHAMPUS Supplement, Medicare Supplement, or Federal Employee Health Benefit Program coverage.

Short Term Medical

Policies that provide major medical coverage for a short period of time, typically 30 to 180 days. These policies may be renewable for multiple periods.

Specified/Named Disease

Policies that provide benefits only for the diagnosis and/or treatment of a specifically named disease or diseases. Benefits can be paid as expense incurred, per diem or as a principal sum.

State Children's Health Insurance Program

Policies issued in association with the Federal/State partnership created by title XXI of the Social Security Act.

Stop Loss/Excess Loss

Individual or group policies providing coverage to a health plan, a self-insured employer plan, or a medical provider providing coverage to insure against the risk that any one claim or an entire plan's losses will exceed a specified dollar amount.

Student

Policies that cover students for both accident and health benefits while they are enrolled and attending school or college. These can be either individual policies or group policies sponsored by the school or college.

TRICARE

Policies issued in association with the Department of Defense's health care program for active duty military, active duty service families, retirees and their families, and other beneficiaries.

(DIRECT BUSINESS IN THE STATE OF NEW YORK)**

INSTRUCTIONS

This exhibit is required to be filed no later than March 1.

1. If there is no data to report in a cell, insert a zero (-0-). To avoid double counting of persons covered in part by another insurer, another policy issued by you, or who are self-insured in part, only report counts for policies which represent an insured's principal coverage (i.e., comprehensive policies). Do not include counts for persons who would be counted in another insurer's statement as principal insurer, or who are counted in your self-insured counts (i.e., do not include supplemental, wrap around type policies). However, premiums and counts for "Minimum Premium Plan" arrangements should be included in the Insured Business section, and Medicare Supplement policies should be included as insured counts, as well.
2. This exhibit should not include any data pertaining to double indemnity, waiver of premiums and other disability benefits embodied in life contracts.
3. Small Group Health Insurance and Individual Health Insurance are defined in New York Insurance Law Sections 3231(a) and 3216(a).
4. Include in the section captioned, "Large Group", all policies other than those defined as Individual or Small Group or which are reported in another line of this exhibit (e.g., "Group Credit" policies are already reported in line 5 of this Exhibit and, therefore, should not be included in the lines captioned "Large Group").
5. Credit A & H shall not include business exceeding 120 months duration.
6. Columns 1 and 2, lines 3, 4, 5 and 7 should agree, respectively, with columns 1 and 2, lines 24, 24.1, 24.2 and 26 of the Accident and Health Insurance Section of the Annual Statement page entitled "Direct Business in the State of New York", and line 6.4 of columns 1 and 2 should equal the sum of lines 24.3, 24.4 and 25.6 of said Annual Statement exhibit.
7. The schedule of **Self-Insured Business** should only include contracts that are substantially self-insured. For example, in arrangements where an employer or association funds substantially all of its claims, with the insurer participating in the arrangement retaining only a nominal premium or retention for administrative services (e.g., Administrative Services Only (ASO) arrangements), the administering insurer should include the appropriate contracts/lives counts in its schedule of self-insured business reported in this exhibit. However, where an employer, association, or other entity is insured by a licensed carrier for a substantial portion of its coverage, such as where it purchases a hospital policy from a licensed insurer while self-insuring its surgical/medical coverage, the company administering the self-insured portion should not include these policies in its counts of self-insured business. These policies should be included in the insured counts of the insurer providing the hospital coverage, whether it is the same insurer that is administering the self-insured portion or another insurer.

ACCIDENT & HEALTH INSURANCE CONTRACTS^(a): NEW YORK STATE BUSINESS**

.....
Affix Bar Code Above

PART ONE

Type of Health Insurance Contract	Approximate Number of Persons Covered by Such Contracts in the State of New York		(3) Direct Premiums Written ^(b) Jan. 1 through Dec. 31, Current Year
	(1) June 30, Current Year	(2) December 31, Current Year	
1. Nonmanaged Care Contracts without Utilization Review Provisions			
2. Nonmanaged Care Contracts with Utilization Review Provisions			
3. Total Nonmanaged Care Contracts ^(c) (line 1 + line 2)			
4. Managed Care Contracts per Section 4801(c) of the New York State Insurance Law			
5. All Health Contracts (line 3 + line 4)			

(a) As defined in Section 1113(a) of the New York State Insurance Law.

(b) Direct Premium Written in Part One, column 3, line 5 should equal New York page 24, line 26 column 1 of the Annual Statement.

(c) The term “nonmanaged care contracts” refers to health insurance contracts other than managed care contracts as defined in Section 4801(c) of the NYS Insurance Law.

Note: Insurers offering a contract that meets the definition of a managed care health insurance contract in Section 4801(c) of the New York Insurance Law should report in Part Two, line 2, the number of initial grievances filed in the current reporting year. Insurers should not report grievance information in Part Two if they do not have a product meeting the Section 4801(c) definition. Circular Letter No. 5, dated February 19, 1999, states in part, “Those insurers that have voluntarily implemented a grievance procedure not subject to the provisions of Chapter 705 of the Laws of 1996 are encouraged to report grievance information; be certain, however, to note that such information comes from a voluntary program.” Filers of voluntary program data should file a separate report to the Department and not comingle voluntary program data with statutorily required data used to complete this Supplement.

**EXHIBIT OF GRIEVANCES AND UTILIZATION REVIEW APPEALS
ACCIDENT & HEALTH INSURANCE CONTRACTS: NEW YORK STATE BUSINESS**

PART TWO

Number of Grievances, Utilization Review Appeals, and External Appeals	MANAGED CARE CONTRACTS (as defined in Section 4801(c) of the New York Insurance Law)		(3) NONMANAGED CARE CONTRACTS: Utilization Review Appeals per Section 4904 (i.e., for contracts included in Part 1, line 2)	(4) EXTERNAL APPEALS Per Section 4910 of the NYS Insurance Law ^(b)
	(1) Number of Grievances per Section 4802 ^(a)	(2) Utilization Review Appeals per Section 4904 ^(a)		
1. Number Pending on December 31, Prior Year				
2. Number Filed in Current Year				
3. Number Closed in Current Year, Resulting in Reversal (in whole or part) of Insurer's Original Determination				
4. Number Closed in Current Year in which the Insurer's Original Determination was Upheld				
5. Total Number Closed in Current Year (line 3 + line 4)				
6. External Appeals Closed in Current Year by Agreement of Insurer and Member, Prior to Decision of External Review Agent	XXX	XXX	XXX	
7. Number Pending on December 31, Current Year (lines 1+ 2 - 5 - 6)				

(a) Sections 4802 and 4904 of the New York Insurance Law were effective April 1, 1997 and apply to all contracts issued, renewed, modified, altered, or amended on or after that date.

(b) Section 4910 of the New York Insurance Law was effective July, 1, 1999.

Note: Section 4802 of the Insurance Law provides for two levels of internal review of grievances, an initial (first level) grievance review and an appeal of that initial determination. A first level grievance should be considered closed, for purposes of Part Two, if the subscriber does not appeal the grievance determination within the calendar year in which the first level grievance determination was rendered. If the subscriber appeals the first level grievance determination in the subsequent calendar year, in a timely manner, the disposition of that appeal should be reported in Part Three. For example, a first level grievance closed in 2018 and appealed in a timely manner in 2019 would be reported in this Supplement in Part Three. If a subscriber files a grievance appeal within the same calendar year as the initial first level grievance determination is made, and the appeal is pending when the calendar year ends, the grievance should be reported as pending in Part Two.

Article 49 of the Insurance Law provides for expedited and non-expedited utilization review appeals. A non-expedited utilization review appeal should be considered closed when the utilization review agent notifies a subscriber of the appeal determination. An expedited utilization review appeal should be considered closed, for purposes of Part Two, when the utilization review agent notifies the subscriber of the expedited appeal determination and the subscriber does not further appeal the determination within the calendar year in which the expedited appeal determination was rendered. If the subscriber appealed the expedited appeal in the subsequent calendar year, in a timely manner, the disposition of the appeal should be reported in Part Three. For example, expedited utilization review appeals closed in 2018 and appealed in a timely manner in 2019 would be reported in this Supplement in Part Three. If a subscriber files a utilization review appeal, and the appeal is pending when the calendar year ends, the utilization review appeal should be reported as pending in Part Two.

HOME STATE NAIC TRUSTEED SURPLUS STATEMENT

SECTION 1312 – New York Insurance Law

§ 1312. **Trusteed surplus of alien insurers: impairment.** (a) (1) In addition to other requirements of this chapter every authorized alien insurer shall, not later than the first day of March in each year, file with the superintendent a statement (herein called a “trusteed surplus statement”), on a form prescribed by him, showing at last year-end:

(A) all its general state deposits, meaning assets within the United States deposited with officers of any state in trust for the security of all its policyholders, or policyholders and creditors, within the United States;

(B) all its special state deposits, meaning assets within the United States deposited with officers of any state in trust for the security of its policyholders, or policyholders and creditors, in a particular state;

(C) all its trusteed assets, meaning assets within the United States held by a trustee or trustees for the security of all its policyholders, or policyholders and creditors, within the United States;

(D) if a life insurance company, the amount of its policy loans to policyholders within the United States, not exceeding the amount of the legal reserve required on each such policy;

(E) all its reserves and other liabilities arising out of policies or obligations issued, assumed or incurred in the United States; and

(F) such further information as may be necessary to apply the provisions of this section.

(2) In determining the net amount of the insurer’s liabilities in the United States, a deduction may be made: (i) for reinsurance on losses with authorized insurers, less unpaid reinsurance premiums, with a schedule showing by companies the amount deducted, and (ii) for unearned premiums on agents’ balances or uncollected premiums not more than ninety days past due. Any liability on an asset not considered in such statement may be applied against such asset.

(3) No credit shall be allowed in such statement for any special state deposit held for the exclusive benefit of policyholders, or policyholders and creditors, of any particular state except as an offset against the liabilities of such alien insurer in such state.

(4) The accrued interest at date of statement on assets deposited with states and trustees shall be allowed in such statement, where such interest is collected by the states or trustees.

(b) (1) Such trusteed surplus statement shall be signed and verified by the United States manager, attorney-in-fact, or a duly empowered assistant United States manager, of the alien insurer. The items of securities and other property held under trust deeds shall be certified to by the United States trustee or trustees. The superintendent may at any time require a further statement of the same kind and of such date as he may determine.

(2) Every report on examination of the United States branch of an alien insurer shall include a trusteed surplus statement as of the date of examination in addition to the general statement of the financial condition of such United States branch.

(c) (1) The aggregate value of the insurer’s general state deposits and trusteed assets less the aggregate net amount of all of its liabilities and reserves in the United States as determined in accordance with this section shall be known as its “trusteed surplus” in the United States. Whenever it appears to the superintendent from any such statement or any report that an alien insurer’s trusteed surplus is reduced below the greater of the minimum capital required of, or the minimum surplus to policyholders required to be maintained by, a domestic insurer licensed to transact the same kinds of insurance, he shall determine the amount of such impairment and order the insurer, through its United States manager or attorney, to eliminate such impairment within such period as he designates, not more than ninety days from service of the order. He may also by order revoke or suspend such insurer’s license or prohibit it from issuing new policies in the United States while such impairment exists.

(2) If at the expiration of such designated period such insurer has not satisfied the superintendent that such impairment has been eliminated, the superintendent may proceed against such insurer pursuant to the provisions of article seventy-four of this chapter as an insurer whose condition is such that its further transaction of business in the United States will be hazardous to its policyholders, its creditors or the public in the United States.

SECTION 1315 – New York Insurance Law

§ 1315. **Trusteed assets of alien insurers.** (a) Whenever a licensed alien insurer is required or permitted by this chapter to deposit assets with a trustee or trustees for the security of its policyholders and creditors in the United States, such assets shall be known as “trusteed assets”. All trusteed assets shall be continuously kept within the United States and the trusteed assets of a licensed alien insurer entered through this state shall be continuously kept in this state. The deed of trust and all amendments thereto shall be

authenticated in such form and manner as the superintendent may prescribe and shall not be effective unless approved by him. If he finds a deed of trust or its amendments: (i) are sufficient in form and in conformity with law, (ii) the trustee or trustees are eligible as such, and (iii) the deed of trust is adequate to protect the interests of the beneficiaries of the trust, he shall give his approval. If he finds, after reasonable notice to and hearing of the insurer, that the requisites for the approval no longer exist, he may withdraw such approval.

(b) The trustee or trustees of all trusts created after nineteen hundred thirty-nine shall be solvent banks or trust companies deemed by the superintendent suitable for such purpose.

(c) All trusts of trusteed assets existing before nineteen hundred forty shall be continued in accordance with the terms of the instruments creating them, if not inconsistent with this section. If the trustees of any trust created before nineteen hundred forty are individuals, and their number is reduced to less than three, by death, resignation or otherwise, the superintendent shall require substitution for such trustees of one or more banks or trust companies deemed by him suitable for such purpose. If the superintendent finds, after reasonable notice to and hearing of such alien insurer, that a deed of trust executed before nineteen hundred forty is inadequate to protect the interests of the beneficiaries of such trust, he shall require the execution of a new or amended deed of trust in conformity with the requirements of this section.

(d) The superintendent may from time to time approve modifications of, or variations in, any deed of trust, which in his judgment are not prejudicial to the interests of the people of this state.

(e) (1) Such deed of trust shall contain provisions which:

(A) vest legal title to trusteed assets in the trustees, and their successors lawfully appointed, in trust for the security of all policyholders and creditors of the alien insurer within the United States;

(B) provide for substitution of a new trustee or trustees in case of a vacancy by death, resignation or otherwise, subject to approval of the superintendent;

(C) require that all trusteed assets shall be at all times maintained as a trust fund separate and distinct from all other assets; and

(D) require that the trustee or trustees shall continuously maintain record at all times sufficient to identify the assets of such fund.

(2) Such deed of trust may provide that income, earnings, dividends or interest accumulations of the assets of such fund may be paid over to the United States manager of such alien insurer, upon his or its request.

(3) Such deed of trust shall provide, in substance, that no withdrawals of assets, other than income as above specified, shall be made or permitted by the trustee or trustees without the approval of the superintendent except to:

(A) make deposits required by law in any state for the security or benefit of all policyholders, or policyholders and creditors, of such alien insurer in the United States;

(B) substitute other assets permitted by law and at least equal in value to those withdrawn, upon the specific written direction of the United States manager or an assistant United States manager when duly empowered and acting pursuant to either general or specific written authority previously given or delegated by the board of directors; or

(C) transfer such assets to an official liquidator or rehabilitator pursuant to an order of a court of competent jurisdiction.

(f) Upon withdrawal of trusteed assets deposited in another state in which such insurer is authorized to do business, it shall be sufficient if the deed of trust requires similar written approval of the insurance supervising official of such state in lieu of approval of the superintendent. In all such cases the alien insurer shall notify the superintendent in writing of the nature and extent of such withdrawal.

(g) The superintendent may from time to time: (i) make examinations of the trusteed assets of any authorized alien insurer at the insurer’s expense and (ii) require the trustee or trustees to file a statement, in such form as he may prescribe, certifying the assets of such trust fund and the amounts thereof. Refusal or neglect of any trustee to comply with the foregoing requirements shall be ground for the revocation of such insurer’s license or the liquidation of its United States branch.

(h) In the case of a Canadian life insurance company, the provisions of this section applicable to a United States manager refer to the president, vice-president, secretary or treasurer of the company at its home office in Canada.

**INSTRUCTIONS FOR COMPLETING NEW YORK ADJUSTMENTS
TO HOME STATE NAIC TRUSTEED SURPLUS STATEMENT – PAGE 62**

1. The schedules on page 62 are used to identify any adjustments necessary to modify the insurer’s Trusteed Surplus Statement, filed on a Home State basis, to reflect reporting requirements of Section 1312 of the New York Insurance Law.

2. All U.S. Branches of a non-U.S. insurer must complete this schedule. A New York Adjustment Schedule must be completed for each part of the Home State Trusteed Surplus Statement. If there are no adjustments to be reported for a particular asset Schedule or the Liabilities and Trusteed Surplus page, indicate “No adjustments” on *each* of the appropriate schedules. If there is nothing to report on *all* of the Schedules on page 62, in

lieu of filing the page, you may complete the Supplemental Exhibits and Schedules Interrogatories on page 7 of this Supplement by indicating that “there are no adjustments to be reported on this Schedule”.

3. Adjustments to NAIC Schedule A should be reported in New York Schedule A; adjustments to NAIC Schedule B should be reported in New York Schedule B, etc. In the event that there are more than three separate trusts, attach additional adjustment schedules for “Adjustments to Schedule E”, etc.

Footnotes:

- a- Reserves for Reported Claims Due and Unpaid: A reserve for due and unpaid claims is established to pay claims which have been approved, but for which payment checks have not been sent.
- b- Reserves for Reported Claims in Course of Settlement: Reserves for claims in the course of settlement are established for claims that are on file in the company at the time the valuation is done, but have not yet been approved or paid.
- c- Reserves for Reported Resisted Claims: Reserves for resisted claims are established for those claims in dispute and/or where the obligation to pay such claim is not reasonably clear as of the statement date.
- d- Unreported Claims and Other Claim Reserves: Include reserves for IBNR claims and other claim reserves. Other Claim Reserves include non-benefit-related liabilities required to be reported as claims, e.g. Regulation No. 146 pool liabilities.
- e- Line 1.11 should include Doctors and IPA corporations reimbursed on a capitated basis.
- f- Payable to Others: Include all claim-related payments to intermediaries (other than those to IPA corporations, which are to be accounted for as "Payable to Physicians") and other vendors, such as suppliers of durable medical equipment.
