August 13, 2018

To whom it may concern,

MLMIC has been an endorsed partner of the New York State Osteopathic Medical Society (NYSOMS) since 2016. Even before our formal partnership began, MLMIC was the insurance company of choice for a large number of NYSOMS members. We also have a long history of utilizing MLMIC subject matter experts to deliver CME at NYSOMS conventions. They are always well-prepared and knowledgeable about relevant topics.

The alliance with Berkshire will strengthen MLMIC financially, allowing them to serve us with other risk financing options they didn't offer before. MLMIC will also qualify for an A++ Best rating, which is appealing to our members from a financial security perspective. Finally, we hope to continue counting on MLMIC for helping our members understand how to best serve the public interest.

Sincerely,

Sherman Dunn, DO, FACOOG
NYSOMS President
