

INSTRUCTION: Column (C) should include deferred compensation, if any. Column (D) should be used to show the institution's contribution made under any Thrift Incentive Plan that might be in effect. The estimated annual benefits listed in Column (E) should be net of Social Security benefits and represent the amounts that would be payable at age 65 or other normal retirement date on the basis that each participant's annual salary in effect on December 31, 20_ would remain unchanged to date of retirement. There is no objection to any explanatory footnotes being added.
