Appointment Status: Permanent

Appointment to this position is pending Governor Appointment's Office and Division of Budget approval.

The Department of Financial Services (DFS) is seeking applicants for a role helping to shape and carry out DFS's Research and Innovation Division's agenda. This agenda centers around interacting with innovative, often technology-intensive financial-services companies and industries, helping to bridge the gap between their needs and financial regulations that may have been created before the new business models existed. The agenda also may involve broader policy research and analysis, much of it focused on fintech, insurtech, and regtech business proposals or developments. The Innovation Policy Specialist will support policy analysis projects and cross-agency initiatives and will serve as the central coordinator for projects in the Research and Innovation Division to ensure proper implementation. Duties include, but are not limited to, the following:

- Directs and manages agency projects by conducting research, developing implementation strategies, providing oversight, implementing policies and procedures, and offering recommendations to program staff to resolve issues and ensure project timelines are met;
- Provides direction for projects by developing short- and long-term project goals and timelines for implementation;
- Assists in drafting policy recommendations, and contributes extensively to the analysis of policy proposals, in consideration of DFS's overall priorities and the commercial and policy landscape;
- Supports the development and maintenance of partnerships with internal and external persons and entities and meets with outside stakeholders to discuss programs and projects;
- Assists with project management tasks as needed to support the divisions innovation policy activities;
- Provides briefings and status updates to executive staff and other parties;
- Works on projects and initiatives as requested by the Superintendent and executive staff;
- Monitors and evaluates news sources and social media to identify issues and challenges relevant to financial products and services in New York State; and
- Other duties as assigned.

Appointment method:

Candidates must meet the minimum qualifications listed below in order to be eligible for appointment.

Non-Competitive: A Bachelor's Degree in Business, Business Administration, Economics, Econometrics, Finance, Health, Health Administration, Health Policy, Law, Mathematics, Political Science, Public Administration, Public Health, Public Policy, Risk Management or Statistics and two (2) years of specialized experience in one or more of the following:

- Research, planning, administration, and/or analysis of the policies and procedures affecting regulated entities and how they conduct business activities with the public and/or other regulated entities.
- Research and analysis of State and federal statutes and regulations and their effects upon the business activities of financial services entities with regard to the public and/or other financial services entities.

A Master's Degree in one (1) of the related fields or a J.D. may substitute for one (1) year of specialized experience. A Ph.D. in one (1) of the related fields may substitute for two (2) years of specialized experience.
