The New York Department of Financial Services seeks to build an equitable, more transparent and resilient financial system that benefits New Yorkers and supports business. Through engagement, data-driven regulation, and operational excellence, DFS is responsible for empowering consumers and protecting them from financial harm; ensuring the health and stability of the financial entities we regulate; and driving economic growth through responsible innovation.

The Department of Financial Services (DFS) is seeking candidates for the position of Virtual Currency Supervision Manager in the Virtual Currency Unit within the Research and Innovation Division. The Virtual Currency Supervision Manager serves as a commissioned examiner for regulated Virtual Currency entities, including companies holding licenses to engage in virtual currency business activities ("BitLicenses"). Travel may be required within and outside of New York State.

Duties will include, but not be limited to, some or all of the following:

- Examines BitLicensees, and possibly other DFS-regulated Virtual Currency entities, for compliance with relevant laws, regulations, guidance, and supervisory expectations.
- Oversees aspects of the examination process, and possibly supervises the work of colleagues in the Virtual Currency Unit;
- Reviews prior examination reports, and periodic reports submitted by institution(s) to become informed of specific problem areas, overall financial condition, management of institution(s) and to plan examination;
- Meets with institutions' management to present credentials, discusses scope of examinations, requests information and materials needed for examination, and obtains general orientation to the institution's operations;
- Examines assets and liabilities, including to verify accuracy and disclose risky, concerning, or illegal practices;
- Reviews all examination report schedules and work papers prepared by other examiners to determine adherence of institution to sound financial practices and legal requirements;

- Edits analyses of others and prepares comprehensive field examination reports, including general findings, specific comments on problem areas and management response;
- Discusses findings with management and obtains their responses to comments on the operation of their institution;
- Tracks laws, regulations, policies, and examination procedures of federal or other regulatory authorities relevant to the Virtual Currency Unit, including serving as a DFS policy lead in such capacity as required;
- Supports the build-out of or enhancements to internal policies and procedures related to the BitLicense supervisory process, such as examination manuals and internal best-practices;
- Remains up-to-date on best practices in the examination of financial institutions, including those that deal with Virtual Currency, including skills involving blockchain monitoring and blockchain analytics; transaction sampling for purposes including the validation of transaction monitoring and sanctions screening systems; the verification of claimed Virtual Currency holdings; validation of stablecoin backing assets; auditing of the self-certification of coin listings by regulated companies; and observation of the application of anti-fraud and market-manipulation policies and procedures.
- As needed, reviews and processes applications for BitLicenses and Virtual Currency trust company charters, and participation in non-periodic supervision of regulated Virtual Currency entities, including applications to adopt material changes of business.
- Communicates with and presents to senior and executive management, both orally and in written memoranda and presentations, concerning analyses of issues and/or recommending DFS action on any issues encountered in connection with the above; and
- Supports the Virtual Currency Unit's ongoing supervisory relationships with BitLicense and limited purpose trust charter applicants, licensees, and key industry and public stakeholders.

Preferred Qualifications

Subject-matter expertise and/or experience in one or more of the following are not required, but are preferred:

- Virtual currency;
- BSA/AML, OFAC, and related laws, regulations, and best practices;
